

# Obfuscating Users

Last Modified on 01/13/2021 1:45 pm EST

1 of 3

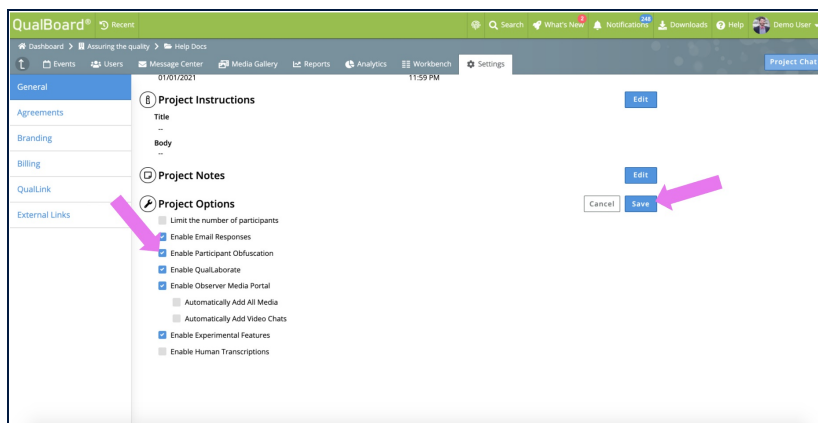

To enable Participant Obfuscation, go to the settings tab. Then click, "Edit".

You're well on your way! Click **Next** for the next step.

2 of 3

Check the box that's next to "Enable Participant Obfuscation", then click, "Save".

3 of 3

Participant Obfuscation protects the information of the participant. It will remove their avatars and hide their emails. Their information will be hidden in the user's table and in any exports you make.
